

Attention:

Students Interested in Health/ Medical Careers

- Students requesting to intern in a medical setting are required to provide the documentation listed on the attached student/volunteer medical checklist (on the back of this form).
- We will go over this checklist during your interview, but **please be aware that you will need to submit the documentation if you wish to intern in a medical setting. Failure to submit the paperwork by the appropriate deadline will delay and/or prohibit the start of your internship.**
- Students requesting Veterinary Medicine are not required to complete these forms.
- **Please note additional paperwork may be required by the host site.**
- Please contact the School to Careers Office at (315) 867-2202 with questions.
